PFC 2400 - 2400W Power factor correction board (provisional info)

PFC 2400 specs

Rated power	2400W
Input voltage	90-260 V AC
Output voltage	360V DC
Aux input voltage	15V DC
Operation	Boost PFC converter
Max. output current	15A
EMC filter, input	Yes
EMC filter, output	Yes
Overtemp protect.	Yes
Soft start	Yes
Overcurrent protect.	Yes
Dimensions	180 x 78 x 35mm
Heatsink	external (small)
Available as sample	oct 2005
Available as OEM design	yes
